Magoffin Counties.

A. H. PATTON.

ATTORNEY AT LAW.

OFFICE IN CRAWFORD BLDG.,

JACKSON, KY.

ANNOUNCEMENT.

We are authorized to announce

HON. A. F. BYRD,

of Clark County, as a candidate  
for Congress from this, the 10th  
District of Kentucky, subject to  
the action of the Democratic  
party.

FRIDAY, MAY 11.

President Roosevelt has taken  
his "big stick" and started after  
the Standard Oil Company. He  
has scored that august body for  
securing rebates from railroad  
companies and common carriers.  
Rogers and his associates have  
come out with a statement which  
would seem to indicate that they  
have no fear as to the result, and  
says it is good business. What  
will be the next step?

The grand jury of Boyle county  
returned indictments against sev-  
eral big corporations at the last ses-  
sion of that body. One was for  
controlling or attempting to con-  
trol the market in harvesting ma-  
chinery, and others were for using  
the name without the word incor-  
porated. The Boyle grand jury  
undertook a big job and one which  
the United States government and  
State of Missouri are finding al-  
most too big to handle. We ad-  
mire the pluck and courage at-  
tempted by Boyle and it may have  
some results if carried on, but we  
fear it is just a little "smoke."

The Olympic games held at  
Greece this year proved that at  
athletics the Americans lead the  
world and that the days of the  
Greek in that respect are over.  
Americans led all other competi-  
tors and scored 76 points, the near-  
est contestants being the English  
with 38 points. King George of  
Greece is making great efforts to  
revive this time-honored festival  
and spent large sums this year in  
entertaining the visiting athletes.

The Olympic games date from  
the pre-historic age. They were  
instituted in honor of Pelops, a  
god of the Greeks, and are sup-  
posed to have been first held at  
Olympia, a town of Greece. The  
best men physically in all parts of  
Greece became candidates and  
were all tested in competition be-  
fore being admitted to the games.  
A training usually of ten months  
was necessary for preparation.  
Testing endurance and strength  
with an especial view to war form-  
ed the earlier programme, but af-  
terward the chariot races were  
added, and this secured the patron-  
age of the wealthy, who took  
an active part ever afterward.

The attempt to revive the old  
Greek custom was made several  
years ago and it is becoming popu-  
lar again. The modern program  
is made up almost entirely of ath-  
letic events and are similar to  
ours in America.

The hen that lays  
Is the hen that pays.

We have them. Eggs for hatch-  
ing from pure bred, single comb,  
Brown Leghorns.

M. & M. HAGINS.

## OIL AND GAS.

A Brief Sketch of the Forma-  
tion, History and Production  
of Petroleum and Natural Gas.

The term "oil" is a generic ex-  
pression under which are included  
several extensive series of bodies  
diverse chemical character and  
physical properties, and this sketch  
is limited to the oil obtained by  
drilling or boring wells into the  
soil and known as petroleum.

The word petroleum is derived  
from the Latin words petros, a  
rock, and oleum, oil, hence mean-  
ing rock oil, and is a term applied  
to a variety of inflammable liquids  
found naturally in many parts of  
the earth. The processes by which  
petroleum is formed in nature are  
not fully understood and have been  
a subject of speculation among  
scientific men for the past three-  
quarters of a century. Originally  
it was believed to have been  
formed entirely by the decompo-  
sition of vegetable matter beneath  
the surface of the earth, but later  
experiments show that it might be  
formed from the decay of animal  
matter, especially that of marine  
animals, and one scientist has pro-  
duced petroleum from the fishes.

Two hypotheses, known as the  
organic and inorganic theories,  
have been advanced and geologists  
who have studied relations of oil  
and gas support the organic theory  
and the rocks encountered in drill-  
ing in most fields contain large  
amounts of carbonaceous matter of  
animal and vegetable origin that  
was deposited at the time the sedi-  
ments were laid down and to have  
given rise to the oil and gas  
through the processes of decompo-  
sition and the physical and chemi-  
cal changes to which it has been  
subjected during the geologic time.  
When once formed the products  
of decomposition probably migrate  
into the more porous rocks, es-  
pecially into the sandstones, in  
which they are now found, but a  
large amount, no doubt, has es-  
caped from the formations where  
these outcrop at the surface.

It is sometimes said that pe-  
troleum occurs in all formations,  
but this statement is misleading,  
for it is not uniformly distributed  
through all formations, but occurs  
principally in two epochs of ge-  
ologic history; these are the  
Silurian and the lower half of the  
Tertiary. The vast accumulations  
along the principal axis of occur-  
rence in the Western Hemisphere  
are found in Silurian and Devonian  
rocks.

The Kentucky geologists have  
regarded the great Devonian black  
slate as the source of oil in this  
State, but it is now known that  
there are several producing hori-  
zons in Kentucky below the De-  
vonian.

(CONTINUED NEXT WEEK.)

## RAILWAY BUILDING

Promises to be Active in Eastern  
Kentucky This Year.

From present indications there  
promises to be a larger mileage of  
railroad construction in Kentucky  
the current year than for some  
years past, says the Courier-Jour-  
nal. While no new line of exten-  
sive mileage is as yet announced  
as in contemplation, several im-  
portant extensions of existing  
roads give good promise of being  
constructed. One of these is the  
extension of the Lexington & Eastern  
road from Jackson to Haz-  
ard, Perry county. The distance  
is about 32 miles in a southeast di-  
rection.

Its route will be up Lost Creek,  
a branch of the north fork of the  
Kentucky river, the valley afford-  
ing a favorable grade. The exten-  
sion has long been contemplated,  
the original intention, when the  
Lexington & Eastern, then known  
as the Kentucky Union, was pro-  
jected twenty years ago, being to  
extend it through Jackson to  
Pound Gap, about 50 miles be-  
yond Hazard, a practicable route  
for which was surveyed. The  
financial crash of 1891-92 suspend-  
ed further extension and the paral-  
ysis which ensued, aggravated by  
the assassinations in Breathitt  
county, has kept it in abeyance  
until now.

It is an important move in many  
respects. It will open up to the  
market coal of superior quality  
and penetrate a well-timbered ter-  
ritory as well as much land fitted  
for agriculture, but without a mar-  
ket, owing to inaccessibility.

When the extension to Hazard  
shall be completed there is good  
reason to believe that there will be  
considerable accessions to the

population of that sparsely set-  
tled region, not only from the in-  
ducements held out for its devel-  
opment, but from the greater fu-  
ture promised by the still further  
extension of the road.

By the construction of the ad-  
ditional piece of road to Pound Gap,  
through which a tunnel will in the  
near future be made, the most  
valuable coal field in Kentucky  
will have been traversed through  
its whole breadth, embracing six  
or eight coal seams, chiefly above  
drainage and including coking,  
cannel coals and many bituminous  
coals. The development of this  
field, so long neglected, will be  
stimulated by still other roads  
penetrating it. The extension of  
the Lexington & Eastern to Pound  
Gap will, with the completion of  
the tunnel, give also connection  
with an extensive system of roads  
leading to tidewater in the direc-  
tion of the South Atlantic ports.  
It bids fair, also, in time, to pro-  
vide a new and shortest direct  
route from Louisville to Newport  
News and other ports as an outlet  
for our coal and other products  
and travel. An examination of  
the map will demonstrate the far-  
reaching developments which are  
in store for Eastern Kentucky  
after so long a delay, due chiefly  
to the need of such an outlet as  
the tunnel at Pound Gap will pro-  
vide.

## Railroad Being Built.

The Morehead & North Fork  
Railroad Company, with the fol-  
lowing officers: W. M. McCor-  
mick, president, Philadelphia; A.  
W. Lee, vice president; John W.  
Wrigley, secretary and treasurer;  
E. W. Hess, chief engineer, all of  
Clearfield, Pa., will build about  
twelve miles of line from More-  
head, Rowan county, south along  
Morgan Run, tunneling through  
Clark Mountain; thence following  
Lower Lick Run southeast to Par-  
agon, Morgan county. Rich tim-  
ber land belonging to the Clear-  
field Lumber Co. will be tapped  
by this road. A contract for three  
miles of the line, including the  
Clark Mountain tunnel, has been  
let to an outside company. The  
remainder of the line will be built  
by the company's own forces.  
The engineers have been in camp  
near Clark Mountain since Feb-  
ruary. While this line runs par-  
allel with the partially graded line  
of the Morehead & West Liberty  
railway for several miles, it has no  
connection in the least with that  
road. The work of building this  
new road will give employment to  
several hundred men, and will be  
completed by January 1, 1907.

An Illinois weekly recently came  
out with the following apology:

On account of the phat that  
our new dress of type was entire-  
ly short of letter ephs and sees  
when it arrived phom the type  
phounders, and that we diskarded

our old phont of type the minute  
the new krates kame, we will be  
kompelled to phlounder along the  
the best we kan until the sorts ar-  
rive. We are exceedingly sorry  
to kause this inkonvenience to our  
readers, but iph we kould have  
phound any way to overcome the  
diphikulty we woud have done so.

This may seem like a joke to  
you, but it is no joke to us. We  
therephore ask you to phorbear  
phrom krittisism, trusting that  
the missing karakters will be here  
in time phor our next issue.

## Prison Labor

The State Prison Commissioners  
have leased 650 prisoners at Frank-  
fort for eighty-five cents a day.  
This is said to be the highest price  
ever paid to the State of Ken-  
tucky for the labor of prisoners.  
They were leased to the Frankfort  
Shoe Manufacturing Company for  
one year.

### Local and Personal

C. Hadden's for nice Strawberries.

J. M. Risner, of Rousseau, was here Monday.

John E. Deaton, of Roosevelt, was here last week.

John H. Blanton, of Lambrie, was here last week.

Mrs. A. H. Patton is visiting in Lexington this week.

New Vegetables at C. Hadden's Friday and Saturday.

Stop with Hart Bros., at Reed hotel when in Lexington.

T. E. Calhoun, of Stevenson, was here Tuesday buying supplies.

Day Bros. Co. have received several car loads of new goods this week.

Demosthenes Noble and Sanford Brown, of Lambrie, were here Tuesday.

Mr. and Mrs. A. S. Henry went to Cincinnati Monday on a shopping tour.

Dr. J. P. Boggs left last week for a visit to his family at Davenport, O. T.

Martin T. Kelly attended the United States circuit court at Maysville this week.

Sam T. Landrum, manager for Blake & Landrum's store, at Lost Creek, was here Monday.

Sheriff Breck Crawford was here several days this week looking after official business.

Mrs. Minerva Jett, of Athol, was visiting her brother, Charles Terry, from Saturday till Monday.

The weather this week is called "blackberry winter," with a temperature that makes fire a source of comfort.

Miss Dora Kate Bales, of Simpson, was visiting the family of A. F. Lyon and other friends here the first of the week.

Joseph Lovely and wife, of Rousseau, were visiting the family of Mrs. Ellen Davis the first of the week.

J. B. McLin, who has been confined to his room by sickness for several days this week, is improving.

The regular examination for teachers will be conducted next Friday and Saturday, May 18th and 19th.

The rains the first of the week raised the streams sufficient to float ties and a great many were brought down.

H. L. Bales, of Simpson, was here on business Monday. He has rented the Hampton farm at that place and gone to farming.

Willie Hurst, who has, for the past four years, held a position in the postoffice here, left last week to seek his fortune in the far West.

Capt. W. R. Bradshaw is in Lexington this week taking treatment for lumbago, with which he has been troubled for some time.

Charley Cope, who has been located at Hazard for some time, was visiting his parents, Mr. and Mrs. T. T. Cope, the first of the week.

Mrs. Jessie Hamilton, of Lexington, who has been very sick for the past two weeks at the residence of her mother, Mrs. J. B. Thompson, is convalescing.

Miss Cora Moore, who has been taking a course in stenography at Smith's Business School, at Lexington, returned home last Friday, having completed her studies there.

Miss America Buck entertained a number of the young people of town at her home last Saturday evening. Refreshments were served and a good time generally was reported.

A. H. Patton went up to Wolfe creek last week to superintend the surveying of a tract of land which is in dispute between South's heirs and D. F. Deaton. Mr. Patton represents Deaton in the suit.

Mrs. Mary Chambers, of Stillwater, while returning from the funeral of a neighbor, stopped at a house and called for a glass of water. As she raised the glass to her mouth she fell backwards and when she was reached it was found that she was dead.

See those nice Country Hams at C. Hadden's.

C. Hadden was in Lexington this week buying a new stock of goods.

Miss Francis Breckinridge Steele, of Midway, is visiting Mrs. Hubbard, at Camp Christy.

L. C. May, of Chicago, was here this week looking up some real estate deals.

The Fiscal court is in session this week making settlement with the former sheriff on county levy for 1905.

Sarah Bernhardt, the eminent French actress, will present "Camille" at the Woodland Park, Lexington, on Wednesday May 30.

The Swann-Day mill which has been undergoing repairs for the past two weeks, will start up again next week, which will give employment to about fifty men.

Judge Cochran, in the Federal court at Maysville, Tuesday, ordered a sale of the properties of the Morehead & West Liberty railroad. The sale will occur on June 11 at Morehead.

Damage to the extent of many thousands of dollars was done in Fayette county and Central Kentucky by a killing frost which fell Tuesday night. It is thought that gardens in that section are ruined, while all fruits are injured, if not killed. Wheat was killed while tasselings.

Everett Back and wife, of Canfield City, passed through here Monday on their way to Lexington, Frankfort and other points to visit relatives and friends. They will return in about ten days when Mr. Back will resume his position as conductor on the O. & K. passenger train.

The K. L. & V. bridge across the Kentucky river at the mouth of Pan Bowl branch was completed last week and cars are now running over it. The company has been particularly unfortunate with this bridge, as this is the third bridge they have built at that place.

Jake T. Patrick, of Salsersville, is in Washington this week. We suppose he is hunting a piece of pie for some of his friends, although he denies it. He has, however, proposed Capt. Jeff Prather, of Salsersville, as a suitable man for the next Governor of Kentucky.

The two State Normal schools, provided for by the last Legislature, have been located by the Commissioners selected for that purpose—one at Richmond and the other at Bowling Green. Richmond and Madison county donated the old Central University buildings and grounds to the State on condition that the Eastern Normal School should be located there. The buildings and grounds are valued at \$150,000.

The program for the commencement at the college is as follows: Saturday evening, May 12, children's exercises.

Sunday morning, Baccalaureate address, in the college chapel, by Dr. Wm. Cumming, of Winchester who will also conduct the evening service at 7:30.

Monday evening, musical exercises.

Tuesday evening, addresses by the graduates, Miss Josephine McGuire and Joe Brophy.

A fine musical program has been arranged for the Baccalaureate services Sunday morning.

Services were held in the new Christian church last Sunday and Rev. W. J. Dodge delivered a most interesting sermon to a good-sized congregation. The committee held a business meeting in the afternoon and arrangements were made for the dedication of the edifice, which will be held on Sunday, June 17th. Jackson has every reason to be proud of this new structure, as it is one of the most beautiful buildings in town, and we should all co-operate in making the dedication a noteworthy event. Every effort is being made to have the building complete by that time and with pleasant weather it should prove an interesting ceremony.

### CINCINNATI MARKET.

CINCINNATI, May 9.—Hogs: active; butchers and shippers, \$6.50@6.60; common, \$5.45@6.45. Cattle steady; fair and good shippers, \$4.25@6.10; common, \$2.25@3.00. Sheep steady; \$3.50@4.50. Lambs, \$5.50@6.50.

### Marriage Licenses.

The following marriage licenses have been issued during the past week:

John B. Turner and Miss Nancy Ann Napier, both of Ned; Thomas Gabbard and Miss Tymanda Short, both of Elkatawa.

**The Ohio & Licking Valley R. R.**  
We are reliably informed that work will begin on the Ohio & Licking Valley railroad within 60 days. This is the road that is to begin at a point near Maysville, passing through Breathitt county and extending to the Elkhorn coal fields in Letcher county.

### A Popular Young Lady.

Miss Florence M. Strong, of Athol, is a candidate for the Lexington Herald's trip to Atlantic City. She is second in the contest, with a fair prospect to win. All the Herald subscribers in this section should help her by clipping their coupons and sending them as directed in the paper, and show their pride in this young lady by giving her a handsome majority over her other opponents. An excellent picture of her appeared in last Sunday's Herald.

### After the Dehorner.

The conviction of Daniel Boone Lynch last week for defacing the brands on a number of ties belonging to the Ohio Valley Tie Co. is the result of a strenuous effort on the part of C. L. Taggart, manager for the company, to put a stop to such business. The company has suffered considerable loss and annoyance at the hands of "dehorner." A standing reward of \$100 for evidence which will lead to the conviction of such offenders is being offered. The party furnishing the evidence against Lynch received \$100 from the company—Irving Herald.

### ADVERTISED LETTERS.

List of letters remaining unclaimed in the Jackson postoffice for the week ending May 10, 1906, and sent to the Dead Letter Office at Washington, D. C., for the week ending May 26th, '06:  
B—Frank Blanton, (5 letters)  
Wm. Rae Buck, (2 letters)  
H—Nancy Ann Harvey.  
J—Minerva Jett (Col.)  
K—Lily Kennel.  
M—J. D. McCollum, William Mosely, Lizzie McCowan, James McAlister, (2 letters) G. W. Miller.  
S—Eliza Stidham, Sam Stamp, Eva Strong.

Persons calling for the above mail will please say "advertised."  
D. D. HURST, P. M.  
**Perry County's Sheriff Shot.**  
A report from Hazard says that Mason Engle shot Sheriff M. C. Eversole Sunday night. Eversole had two warrants for Engle. He arrested him Sunday and it was agreed that the prisoner could remain in his home over night, the Sheriff to be on guard, and the pair would go to Hazard Monday. Shortly after they had retired for the night the Sheriff got up to get a drink of water. His movements awakened Engle, who remembered that there was a shotgun under the bed. He reached for it, took aim and fired, the charge taking effect in the Sheriff's left breast and inflicting probably a fatal wound.

### THE DEATH ROLL.

The two-year-old child of John Jones, of Troublesome, died last Friday and was buried Saturday.

Miss Eddie B. Cardwell died last Friday night of lung trouble, after an illness of several weeks. She was the daughter of Edwin B. and Mrs. Sarah Cardwell and was about 18 years of age. Her funeral was conducted at the Presbyterian church Monday by Rev. W. H. Setzer, after which her remains were buried in the Combs graveyard by the side of her father, who died in 1888.

Mr. and Mrs. H. L. Rader take this method of thanking their friends for the many kindnesses shown them during the illness of their daughter, Miss Eddie B. Cardwell.

### CORRESPONDENCE.

#### CROCKETTSVILLE.

Luther Deaton made a business trip to Buckhorn Saturday.

Eldren Riley, of Buckhorn, was on a pleasure drive with his best girl Sunday.

Lewis Deaton, of Wharf, was the guest of Mr. and Mrs. Isaac Baker Sunday.

Mrs. Jane Mosely visited her

## It is Nature

for every person wishing to purchase  
To Buy Where They Can Do Best.

We are in a position to serve you to every advantage possible, and save you money on the goods you buy for the following reasons: We handle a general line, making it convenient for you to buy everything at one place. We have been in the retail business for years. We give every business detail our closest attention and untiring efforts. We buy our goods from reliable concerns, at the right time and in the best paying quantities. We buy goods on cash terms which insures us spot cash prices. We attend to the largest portion of the business personally, which insures proper attention and small expenses of running same. We have no rent to pay and other expenses are kept down to a minimum. The above reasons enable us to conduct our business on close margins, small profits and quick sales. It is our constant aim to conduct our business on business principles, give correct weights and measures and insure every one a square deal at all times. ARE YOU WITH US?

## Crawford & Co

father, Arter McDaniel, last Saturday.

Mrs. Cinda Johnson, of Wharf, visited her mother, Mrs. Nancy Lewis, Sunday.

Miss Sillar Johnson, of Canoe, visited her aunt, Mrs. Elizabeth Deaton, Saturday.

John B. Lewis was visiting his daughter, Miss Mary Lewis, at Jackson last Wednesday.

Miss Tymanda Deaton, of Miller Branch, was the guest of Mrs. Laura York, of Buckhorn, Saturday.

Miss Netta Deaton, of Miller Branch, is visiting friends at Buckhorn, where she attended school last winter.

Robin Burton had his arm broken and shoulder dislocated by a log rolling over him while at work on his farm last Monday.

Miss Nannie Deaton, the accomplished daughter of Robert and Elizabeth Deaton, of Long creek, was the guest of her aunt, Nancy Lewis, Sunday.

Millard Reynolds, of Canoe, has planted 22 acres in corn and claims to be the first one to finish planting corn at Canoe. The girl who wishes an early, industrious farmer for a husband would do well to file a claim for the right of possession.

Higher McIntosh, of Buffalo, Owsley county, and Miss Martha Wooten, of Buckhorn, eloped last Friday night, and on Saturday afternoon William Wooten, in company with a constable and a deputy sheriff, was on Long creek in search of the runaways, but their whereabouts were not ascertained.

At a tiger near the head of the right hand fork of the Riley fork of Long creek a number of men were assembled to enjoy themselves Sunday. During the day a difficulty occurred between Ned Baker and Robert Turner. Several pistols were drawn. Baker received some slight wounds with a knife. The row was quite an ugly affair. It is hoped that the tiger will be short lived.

An old adage is, the love of money is the root of all evil. This adage might be used to a degree of facts in regard to the actions of business on the head of the right hand fork of the Riley fork of Long creek. It is said that a pit tiger strayed from Owsley county and located in a small den just across the Owsley county line on the Breathitt side. Just what the future will be is not known, but a fine of \$100, compensated by 60 days boarding at Jackson's public tavern, would be a small lesson of experience.

## HEADACHES and EYESTRAINS

## MANY MEMORIALS.

There are many memorials erected to commemorate the deeds of those who have passed on, but whatever their form may be, no person of natural sentiments feels like dispensing with a suitable marker to designate the last resting place.

Don't waste time looking around—come here first. I have the monument you want.

**R. M. SHELLEY, JACKSON, KY.**

## Mr. Edison says:

"I want to see a Phonograph in every American home."

HERE IS YOUR OPPORTUNITY  
An opportunity open to all reliable, responsible parties. If you love music, entertainment and want to make your home more cheerful, be sure to read every word of this great offer.

**FREE TRIAL** of the Superb Edison Home Phonograph outfit No. 7 in your own home.

### EARLY APPLES.

Varities That Bring Good Money to a Delaware Grower.

Of course we all understand that location and soil make a great difference, but with us the early apples that are profitable are the Yellow Transparent, the Fourth of July and the Williams Red. We grow principally early apples. The Early Harvest is a better apple than the Early Red. It is like it, only the tree is a stronger grower and the fruit more uniform. We have found in late years the apples that bring money are the Yellow Transparent, the

**YELLOW TRANSPARENT APPLE.**  
Fourth of July and the Williams Red. The Yellow Transparent can be picked when three-quarters matured and put upon the market, and that is where we get our money. They have brought more money in our shipping to London than any others.

The Fourth of July is superior to the Astrakhan and is a better tree. One can pick the crop in three pickings, whereas the Astrakhan will take thirty days, for, when the Astrakhan is near ripe, about the time we try to catch hold of it it falls to the ground. The union of the stem to the branch is very poor, and the fruit drops. The only objection we have to the Williams Red is that it grows a little too large. But the Williams Red is a money maker. The Newtown Pippin have been very successful, and since we put them in cold storage we get more money out of them simply because they have a higher quality.—A. N. Brown, Delaware.

**Made Happy for Life.**  
Great happiness came into the home of S. C. Blair, school superintendent at St. Albans, Vt., when his little daughter was restored from the dreadful complaint he names thus: "My little daughter had St. Vitus' Dance, which yielded to no treatment, but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weakness, impoverished blood and malaria. Guaranteed by Jackson Drug Co. Price 50¢.

**Where California Are Grown.**  
In southern California the calla is grown in fields for commercial purposes. The cut flowers are in great demand. At Easter time tens of thousands of the long stemmed callas are used in flower schemes. The lessons learned in the field growing of callas are applicable to the pet culture of this very responsive plant. The semiquint nature of the calla demands constant moisture. In the field irrigation answers its every demand. In pots of tubs the same principle is applied.—*Florida Life.*

**A Year of Blood.**  
The year 1908 will long be remembered in the home of F. N. Tackett, of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tackett's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me to death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured. Guaranteed for sore lungs, coughs and colds at Jackson Drug Co. Price 50¢ and \$1.00. Trial bottle free.

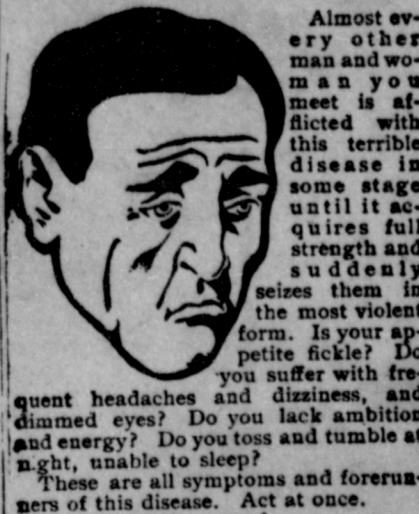

**A Way With Sweet Peas.**  
From a pile of evergreens, which had been used as a winter covering for hybrid remontant roses, large flat spreading branches were selected and tacked to the surface of the fence, covering it from the bottom to the top, thus forming a capital support for the numerous tendrils of the clinging vines.

The plants, which comprised several varieties, climbed to the top of the branches, Bionche Ferry with the others, though that variety is usually set down as a dwarf. The fence was a wall of bloom throughout the season and was well decked with flowers when cut down by frost in mid-October. By watchfully training the side branches and bending down a portion of the plants the bloom was kept evenly distributed over the surface. I never before had so adequate an idea of the refined and glorious beauty of the sweet peas as that afforded by this experiment, which shows the importance of ample support, supplied in advance, for the tendrils.—*Amateur.*

**Was Wasting Away.**  
"I had been troubled with kidney disease for the last five years," writes Robt. R. Watts, of Salem Mo. "I lost flesh and never felt well and tried all remedies suggest without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. Jackson Drug Company.

**FOLEY'S HONEY AND TAR**  
Cures Coughs, Prevents Pneumonia.

## DYSPEPSIA

### Dr. Caldwell's Syrup Pepsin

which will instantly check the progress of the disease and ultimately eradicate all traces of it from your system.

DR. CALDWELL'S SYRUP PEPSIN is the greatest preparation ever offered for dyspepsia.

It acts instantly, restoring every affected part to natural life and vigor.

DR. CALDWELL'S SYRUP PEPSIN can be obtained in both dollar and half-dollar sizes at all druggists.

Your money will be refunded if it does not benefit you.

Your postal card request will bring by return mail our new booklet, "DR. CALDWELL'S COOK OF WONDERS" and free sample to one who has never tried this wonderful remedy. Do it now.

**PEPSIN SYRUP CO.**  
Manufactured in Illinois

Sold by JACKSON DRUG CO.

**How to Beautify the Skin.**  
To obtain a beautiful skin one must diet properly, says Tit-Bits. Butter, fat meat and greasy food of every kind must be avoided. Coffee and tea must be given up; so must alcohol and all kinds of wine, and milk or lemonade substituted. Fruit and vegetables should be eaten in abundance, rich sweets and cake avoided. Pastry never should be touched, and pickles and acid food generally dispensed with. A woman who follows the above rules will find that her skin will become smooth and clear after several months have passed. Of course the dieting must be thorough and careful. No improvement can be made unless it is.

### Best for Women and Children.

On account of its mild action and pleasant taste Orino Laxative Fruit Syrup is especially recommended for women and children. It does not nauseate or gripe like pills and ordinary cathartics. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating them. Remember the name Orino and refuse substitutes. Jackson Drug Company.

### How to Treat a Snake Bite.

When a person has been bitten by a snake the first thing to do is to apply a ligature above the wound to prevent the rapid absorption of the venom. Then an incision is to be made over the snake bite with any sharp cutting instrument that is perfectly clean, and a few grains of permanganate are to be rubbed on. Potassiumate of potassium is a cheap drug, obtainable from any druggist. It keeps indefinitely, and a pound would suffice, at the rate of ten grains for each case, for between 700 and 800 people.

### Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickel, of Milwau, W. Va. "Persistent use of the salve completely cured it." Cures cuts, burns and injuries. 25¢ at Jackson Drug Co.

### How to Keep the Hair in Curl.

Take an ounce of borax, a pint of hot water, a dram of gum arabic and two tablespoonfuls of spirits of camphor. When the borax, gum arabic and hot water are dissolved add the camphor, and when the mixture is cold bottle it, and it is ready for use.

### How to Beautify the Hands.

A good mixture to keep always on the toilet table for whitening the hands is, equal parts of glycerin and lemon juice. If this is reddening to the skin, as it is with some people, dilute the mixture with water.

### War Against Consumption.

All nations are endeavoring to check the ravages of consumption, the white plague that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results. Ask for Foley's Honey and Tar and insist upon having it. Jackson Drug Company.

### How to Make a Waterproof Cement.

A waterproof cement which is very useful for mending broken and cracked ware and which will stand a considerable degree of heat is made up as follows: Mix equal parts of vinegar and milk, turn off the whey and mix it with five eggs; beat the whole together and then add sifted quicklime till the mass acquires the consistency of thick paste.

A good complexion is impossible with the stomach out of order. If pesty sallow people would pay more attention to their stomachs and less to the skin on their faces, they would have better complexions. Kodol for dyspepsia will digest what you eat and put your stomach back in right shape to do its own work. Kodol relieves palpitation of the heart, flatulency, sour stomach, heart burn, etc. Sold by Jackson Drug Co.

**FOLEY'S HONEY AND TAR**  
For children; safe, sure. No opiates.

### FOR LOCAL MARKET.

A Fancy Article in Home Grown Peaches a Good Seller.

There is an opportunity for fruit growers in many localities near large towns and cities not of the first class to supply to the home market and to hosts of suburban villages and smaller towns within a radius of a few miles the peaches that now come from city dealers and large orchards at a distance. These are good markets for a fancy article, and a home grown article appeals to them in an especial manner. It has an anchorage on them which far overbalances any lack of color. And why? Simply because home grown fruit is better than a

**BUSHEL OF ELBERTAS.**  
[The business peach.—Rural New Yorker.]

shipped article. It is better because it can be placed on the consumer's table within a few hours of the time it leaves the trees. Consequently it is thoroughly ripened on the tree and a full degree of perfection is attained. The trade quickly recognizes these facts. It is glad to pay for the extra quality.

As to varieties a Jerseyman who grows successfully for local markets says:

We place the Elberta head and shoulder above everything else. We have been able to realize in the last three years about \$1,000 per acre from the Elberta. That is ahead of the returns from any other variety. It is a good, uniform peach and is used extensively for canning purposes. The Elberta is good if it stays on the tree until thoroughly ripe. It will not stand picking a little earlier for shipping, but for fruit picked for the local market the Elberta is good enough for any one. It is a good, sure cropper, a pretty thing to look at and a good seller.

Why take a dozen things to cure that cough? Kennedy's Laxative Honey and Tar allays the congestion, stops that tickling, drives the cold out through the bowels. Sold by Jackson Drug Company.

### The Higher Criticism.

Cyril Scott, who played at the Belasco theater recently in the "Prince Chap," tells of an old darkey down south who is inclined to doubt the Biblical account of Daniel in the lion's den.

"Does yo' mean to tell me dat Daniel done jumped into dat den ob lions an' dey didn't eat him up?" he demanded of a colored preacher.

"Yas, indeedy," replied the parson.

"Dey mus' ha' been circus lions dat had been tamed."

"No, sah! De Bible says jus' de contrary."

"Whah does it say dat?"

"Don't hit say dat de miracle tuk place 750 B. C."

"Yas."

"Well, hain't B. C. befo' circuses? Huh, niggah!"—American Spectator.

A torpid, inactive liver can produce more bodily ills than almost anything else. It is good to clean the system out occasionally. Stir the liver up and get into shape generally. The best results are derived from the use of De Witt's Little Early Risers. Reliable, effective, pleasant pills with a reputation. Never gripe. Sold by Jackson Drug Company.

### How to Destroy Smell of Feet.

Paint smelly, so injurious to health, is easily removed from a room by standing in it a pail of cold water containing a large handful of hay or a cut up onion or two, says the Washington Star. The water would answer the purpose, but not so quickly as with the addition of the hay or onions. Leave the pail in the room for some hours, and then, if the pail smells still lingers, throw away its contents, fill it as before and leave it to finish its work.

### How to Use a Watch as a Compass.

To use a watch as a compass is a simple matter, says the Kansas City Journal. Point the hour hand to the sun, and the south is exactly half way between the hour and the figure XII on the dial. For instance, supposing it is 4 o'clock. Point the hand indicating 4 to the sun, and 11 on the dial plate is exactly south. Suppose it is 8 o'clock, then the figure X will show due south.

For a painful burn there is nothing like DeWitt's Witch Hazel Salve. There are a host of imitations of DeWitt's Witch Hazel Salve on the market—see that you get the genuine. Ask for DeWitt's. Good, too, for sunburn, cuts, bruises and especially recommended for piles. The name E. C. DeWitt & Co., Chicago, on every box. Sold by Jackson Drug Company.

### How to Preserve Your Teeth.

When cleaning your teeth always brush them with an up and down movement and not sideways only, and the back of the teeth should be brushed even more carefully than the front, for it is there that tartar is most likely to accumulate.

Not a thing harmful in One Minute Cough Cure, but it relieves a cough quickly, out the phlegm. Healing and soothing. Sold by Jackson Drug Co.

## A Happy Home

To have a happy home you must have children, as they are the happy-home makers. If a weak woman, you can be made strong enough to bear healthy children, with little pain or discomfort to yourself, by taking

## WINE OF CARDUI Woman's Relief

It will ease away all your pain, reduce inflammation, cure leucorrhea (whites), falling womb, ovarian trouble, disordered menses, backache, headache, etc., and make childbirth natural and easy. Try it. At every drug store in \$1.00 bottles.

### WRITE US A LETTER

freely and frankly, telling us all your troubles. We will send free advice (in plain sealed envelope). Address: Ladies' Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn.

### "DUE TO CARDUI"

and nothing else, is my baby girl, now two weeks old," writes Mrs. J. P. West, of Webster City, Iowa. "She is a fine, healthy babe and we are both doing nicely."

### PEACH BELLS POPULAR.

The White Peach Leaved Campanula in Hardy Gardens.

The accompanying figure shows a remarkably well grown plant of white peach leaved bellflower, Campanula persicifolia alba, a native of Europe, but long cultivated in gardens, of which Rural New Yorker says:

This variety grows two or three feet high, and bears a great profusion of large blooms, broader and more open than those of the common Canterbury bell, C. medium. While the plant is perennial, it is best treated in this country as biennial, sowing the seeds

### PEACH LEAVED CAMPANULA.

one year to secure flowering plants the next. Plants often live many years, as they are quite hardy, but somehow the bloom spikes do not amount to much after the second season.

Mixed seeds of the peach leaved campanula, often called peach bells as a handy garden name, may be had for 10 cents the packet. They should be sown outside in May or June and transplanted to the border any time after July, choosing, if possible, deep, rich soil and setting the plants sixteen inches or more apart. The colors to be expected are various shades of blue and white. Peach bells are now in high favor for hardy plant collections and are freely offered by plant dealers. There are several large flowered varieties, the best of which appears to be Gigantea moenchii, producing large spikes of white double canella formed flowers up to two and one-half inches in diameter and blooming from May until July.

It is possible to obtain relief from chronic indigestion and dyspepsia by the use of Kodol for dyspepsia. Some of the most hopeless cases of long standing have yielded to it. It enables you to digest the food you eat and exercises a corrective influence, building up the efficiency of the digestive organs. The stomach is the boiler where the steam is made that keeps up your vitality, health and strength. Kodol digests what you eat, makes the stomach sweet—puts the boiler in condition to do the work nature demands of it—gives you relief from digestive disorders and puts you in shape to do your best and feel your best. Sold by Jackson Drug Company.

### How to Thread Needles.

When threading a needle in a dim light if the thread is white hold it against a dark background; if dark, hold it against a light background. When threading a sewing machine by artificial light one's eye is sometimes dazzled by the reflection from the metallic plate. This can be remedied by covering the plate temporarily with a piece of dark cloth.

### Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs or colds. Jackson Drug Company.

### CONDENSED STORIES.

Secretary Wilson's Story of a Ready Witted Cook.

The secretary of agriculture, James Wilson, had been talking about his tea tablets, a boon to travelers, for one of those tablets, no bigger than a cough lozenge, suffices, in combination with boiling water, to make a pint of excellent tea.

"I hope," said Secretary Wilson, "that I shall never have to apologize

for these tea tablets as I once heard a cook apologize for her sponge cake."

"I was taking tea with some friends one afternoon in Washington when a large and beautiful sponge cake was brought in."

"Ah, a sponge cake!" our hostess cried. And she broke it in generous portions, and we all helped ourselves.

"But, alas! It was not good sponge cake. The hostess, angered, sent for the cook."

"I thought, Jane," she said bitterly, "that you prided yourself on your sponge cake?"

"I do, ma'am," replied Jane.

"And you call this sponge cake?" the mistress went on. "Why it is as hard and tough as can be."

"Yes, ma'am," said Jane tranquilly. "That is how sponge is before it's wet. Soak it in your tea, ma'am."

### THE TEXAS WONDER

Cures all Kidney, Bladder and Rheumatic troubles. Sold by all druggists or two months treatment by mail for \$1.00. Dr. E. W. Hall, 2926 Olive street, St. Louis, Mo. Send for Kentucky testimonials.

Special Home-Seeker's Rates to West and Southwest.
